GENERAL CONFERENCE
Eleventh Regular Session
Mexico City, 25-28 April 1989

RESOLUTION 261 (XI)

STAFF PENSIONS AND RETIREMENT FUND

The General Conference,

Recalling its Resolutions 180 (VIII), 201 (IX) and 231 (X) relative to the situation of the Staff Pensions and Retirement Fund;

Taking note of the Report submitted by the Secretary General (Doc. CG/340) on the above-mentioned Fund and of the Certification by the External Auditor of the Agency's Statements of Account (Docs. CG/321 and CG/322);

Noting that it has not been possible to increase the Staff Pensions and Retirement Fund in accordance with the payments schedule authorized by the General Conference, which should have been initiated as of 1987;

Considering that as of 10 April 1989 the accounts payable by debtor Member States amount to U.S.\$715,117.32;

Noting also that the insufficiency of the General Fund and the Working Capital Fund have obliged the Secretary General to utilize what should be the Staff Pensions and Retirement Fund,

Resolves:

1. To urge all the Member States which have debits with the Agency to normalize their outstanding contributions.
2. To recall that Article 20, paragraph 1) grants the General Conference the competence to take note of all cases in which, in its opinion, any Contracting Party is not complying fully with its obligations under the Treaty of Tlatelolco and that the payment of contributions is one of them.
3. To authorize the Secretary General to make arrangements with the Linked States referred to in Article 20 of the Rules of the General Conference, with a view to obtaining voluntary contributions in support of the Agency's functioning.
4. To request the Secretary General to transmit this Resolution to the Member States and the Linked States considered in the above paragraphs.
